€ 13,00 (D)

15 August 2024

Further information [here](#)

A non-fiction card set on the popular topic space in a handy format to gamify one's exploration of our world.

How many moons does the planet Jupiter have? And what's so special about a shooting star? This card set with beautiful, detailed illustrations and factual information about the celestial bodies that make up our universe is the ideal companion for a night spent stargazing.

Creative People:

Illustrator: Nigel Chilvers was born and raised in Aintree, just outside of Liverpool. After graduating in arts at Hugh Baird College, he studied illustration at Wolverhampton University. Originally, he worked on paper until he switched to digital artworks in 1997.
