A memo game both exploring the planets of our solar system and playfully training memory skills.

Which planet is closest to the sun? Where is Saturn's place in our planetary system? And where is the matching Earth hiding between the other cards? This memo game with enchanting, modern illustrations and extra-large cards offers both gaming fun and a basis to get to know our solar system – perfect for small space fans!

Creative People:

Illustrator: Maren Hasenjäger, born in 1988, studied illustration in Münster where she still lives with her husband and their two cats. She has been working as a freelance illustrator and graphic designer and enjoys drawing children, space, and animals with party hats.

Further Titles:

Big Memo - Dinosaurs

Big Memo - Forest

Big Memo - Mountains
