A colourful board book about an exciting journey into the ocean playfully imparting first factual knowledge about the animals that live there.

Take a peek under the ocean surface – and now even deeper into the water: There, fish, sharks, turtles, crabs, and mammals such as whales or sea lions live. Do you know who has the best nose, who goes to kindergarten, and whose songs are heard even hundreds of kilometres further away? No? Then let's dive into the ocean and find out! There's a lot going on here!
