Whether it's the cow at the farm and the fox in the woods, the plane in the sky and the excavator at the construction site, or the tiger in the jungle and the elephants in the savannah – these buggy books with Nastja Holtfreter's colourful bold illustrations provide many motifs on the all-time favourite subjects farm and forest, vehicles and construction site, and jungle and savannah to marvel at. With the band included in each bundle, the books are easily fastened to the buggy to be always close at hand.

Author: Nastja Holtfreter was born in Berlin, Germany, in 1977, where she still lives today with her husband and her two daughters. After studying graphic design, she worked for a media agency. There, she developed and animated various figures and illustrations for children's TV-programmes. She now works as a freelancer illustrating post cards, paper goods and book covers. Developing her own picture books is what she likes best.
